

What to do

.....

1. Pop any suitable shoes into a carrier bag
2. Attach this tag with some box string to the neck of the bag
3. Leave the bag out for your driver to collect with your boxes

***What are we looking for?**

Yes please - Children's shoes only please! Pairs must be only slightly worn, clean and structurally sound.

No thanks - Any shoes with holes, cracked soles beyond repair (or anything you wouldn't use yourself). Any clothing or items other than shoes.

.....

We're sole searching

As you might have seen on our blog, we're collecting gently-used children's shoes for the community supported by the 'Mwana Alirenji' project in Malawi.

For a rural community reliant on agriculture in a tough climate, shoes for growing children can make all the difference. Not only will your shoes get a second chance at adventure, but it's a great opportunity for a clear-out that doesn't end with a trip to the landfill. That's more space for you, and a valuable donation for someone in need.
