

Maintenance Engineer - Andover

Who are we?

A pioneer of organic home delivery, Abel & Cole is a brand famous for seasonal organic fruit & veg. Since 1988 we've built close relationships with other brilliant organic pioneers in order to deliver a wide range of fantastic organic food to people's homes across much of England. We represent a refreshing alternative to supermarket shopping, but without being worthy or preachy. No air freight, no silly packaging, no nasty chemicals – just great food produced by people who really love what they do. We deliver to around 40,000 households and we employ nearly 600 great people. We consider ourselves bold, irreverent, genuine, friendly and honest, and it is crucial that this comes across in everything we do.

Role Summary

Reporting to the Maintenance Team Leader it will be your responsibility to help ensure that production here at Abel & Cole runs smoothly. Working within a team of 5 you will execute effective troubleshooting and planned preventative maintenance routines to prolong the useful life and optimise efficiency of our operational and facilities equipment. We're a collaborative bunch here at Abel & Cole and you will thrive in a role in where you are at the heart of keeping us up and running so can continue to deliver superb service to our customers, there's a good reason we have been doing this for 30 years! You will help to do this by ensuring minimum response times to equipment breakdown, and ensure maintenance cover for production areas is provided at all times. We have some big plans for production here and as such this is a superb time to join the organisation and become a key member of our maintenance team as we embark on this journey.
